Conflict of Interest Declarations

The development of this CPG was funded by the Department of Health (DOH) of the Philippines. The DOH had no influence on the content, recommendations, or conclusions of this guideline. The views expressed herein are solely those of the guideline development group and do not necessarily represent the official policies or positions of the DOH.

All members of the GDG-EREID accomplished and submitted their respective COI declaration forms and curriculum vitae to the COIRC whose members are outside the GDG. Identified conflicts were reviewed and appropriately managed in accordance with established procedures to ensure the integrity and objectivity of the guideline development process.
